Imputed rent

Imputed rent refers to the equivalent market rent that shall be paid for a similar dwelling as that occupied less any minor repair or refurbishment expenditure which the owner-occupier households make on the property of the type that would normally be carried out by landlords. Costs for heating, water electricity, etc. are excluded.

Repair leading to improvements or fixing major problems of the dwelling are also excluded.

The market rent is the rent due for the right to use an unfurnished dwelling on the private market, excluding charges for heating, water, electricity, etc. By extension, private market

also includes market which is regulated by government regulations

Survey definition:

Tax on income refers to taxes on income, profits and capital gains. They are assessed on the actual or presumed income of individuals, households or tax-unit. They include taxes assessed on holdings of property, land or real estate when these holdings are used as a basis for estimating the income of their owners.

Taxes on income include:

- Taxes on individual, household or tax-unit income (income from employment, property, entrepreneurship, pensions, etc.), including taxes deducted/withheld by employers (pay-as-you earn taxes), other taxes at source and taxes on the income of owners of unincorporated enterprise paid during the income reference period.
- Tax reimbursement received during the income reference period related to tax paid for the income received during the income reference period or for income received in previous years. This value will be taken into account as a reduction of taxes paid.
- Any interest charged on arrears of taxes due and any fines imposed by taxation authorities

Taxes on income exclude:

- Fees paid for hunting, shooting and fishing

Social insurance contributions refers to employees', self-employed and if applicable unemployed, retirement and so on contributions paid during the income reference period to either mandatory government or employer-based social insurance schemes (pension, health, etc.).

Home Staff

COICOP-HBS classification of goods: 05.6.2 Domestic services and household services (S)

Rent

COICOP-HBS classification of goods 04.1 Actual rentals for housing; (04.1.1 Actual rentals paid by tenants 04.1.2 Other actual rentals)

NOTE: This concept is only to be used for the purposes of Section 10, question 10.5, (that suggest respondents to exclude rent from school fees and other expenses)

Technical definition:

School fees

Regular payments to institutions that provide either primary, secondary or university education.

Nursing Homes

Payments to institutions that provide in-patient or out-patient long-term care to elderly, handicapped or ill individuals.

Health Expenses

Health expenses cover: (1) payments of pharmaceuticals, drugs, vaccines, medical equipment and the remuneration of services provided by physicians or dentists (both within and without a hospital), (2) payments to institutions that provide short-term health services, (3) payments for hotel services (food, accommodation) provided by a hospital or a similar institution and (4) regular payments as health insurance premia (the latter concept is asked in Section 6, so whether or not it should be included is subject to further discussion).

Home Staff

Total compensation to an individual who provides personal services at home (home servants, cooks or au-pairs).

Rent (defined in a previous Section)

NOTE: This concept is only to be used for the purposes of Section 10, question 10.5, (that suggest respondents to exclude rent from school fees and other expenses): All payments made by the household to the institution or person that owns a dwelling for the use of that dwelling. Payments for using the garage, if one exists, should be included in the rent. For the purposes of question 10.5, rents also include rental services provided by the employer. All those concepts should be excluded from “regular expenses” in 10.5.
